Subject: RE Follow up 104(e) Lower Darby Creek

Mr Nishitani and Ms Prisk

I am working on completing the December 12 2003 follow-up 104(e) request I received from EPA on January 9 2004 concerning the Lower Darby Creek Area Superfund Site

Please note my new contact information below

I understand from your voicemail messages that you are out until February 11th and February 6th respectively

Exxon Mobil Corporation requests a 15 day extension until February 23rd to complete our review. Please respond to this email with your acknowledgement. If I do not hear from you I will send an extension request by letter on February 6th.
